USSR (Kemerovo Oblast)

INDUSTRIAL INFORMATION; 8 pages, 2 charts; German.

25X1A

25X1A

25X1X The document consists of two reports dealing with coal mines in the Kuznetsk Basin. The first of these names and locates eight mines in the area giving possibly exaggerated annual production figures for seven of them and free and forced labor figures for all of them.

25X1X

25X1X The second report gives details on another Kuznetsk Basin coal mine including a certain of description of the mine itself, the characteristics of the coal seams being worked and lists of industrial installations connected with the mine. The

25X1X

25X1X states that the daily norm for 31 brigades was 7,440 tons but that neither German nor Russian brigades could fulfill their norm. Both this report and the first one are accompanied by charts locating the mines and industrial installations connected with them.
